

5 Bedroom Villa for Sale in Desert Springs Golf Resort

1,000,000€

Herencia, 19 Sweetwater Island Drive 4/5 Bedroom Country House – off plan purchase.

Located overlooking the lake of the 14th hole with stunning far reaching views of the Championship Indiana golf course and mountain ranges beyond, the luxurious Herencia Country Home has a great feel of tradition and importance that stems from its massive but simple form.

The windows consist of a mix of ovals, rectangles and squares with a variety of traditional moulded surrounds. Special care has been taken to achieve the satisfying appearance of traditional wooden framed, small paned windows even though they are actually double glazed, high performance units specified for low maintenance and good security.

Rather than create a series of closed off rooms and, with a desire to maximise the visual space, the living room is largely open to the dining area and hall, which nevertheless retain their distinct individual sense of space and function. This spacious design lends itself to a choice of traditional or contemporary interiors. The living and dining rooms lead, without steps, out onto the deep and shady veranda. The visual and physical division between inside and out blurs into insignificance, taking best advantage of the year round climate and lifestyle that positively encourages dining and relaxing outside even in the depths of winter. In the kitchen you will find individually designed fitted furniture, handmade by local craftsmen and fitted out with top of the range equipment.

The bedrooms follow a distinct hierarchy, with the master bedroom naturally being the largest, with an elevated private terrace and direct access to the garden and pool for an early morning/late night dip. The separate dressing, bath and lavatory areas provide privacy and ease of use.
