

Land for Sale in La Parroquia

65,000€

A 14 hectares plot of land situated just outside La Parroquia.

This plot of land is very flat with good quality soil and excellent access, making it an excellent option for an olive or almond plantation. Mains water runs at the side of the road.

Because of the more positive planning regulation in the region of Murcia, a house up to 300m² could be built with just 2 hectares of land and this plot has 14 hectares.....this gives this project another worthwhile option.

Selling price 65000 euros.
