The building is 370m2 with double garage and all rooms are huge and has been made into a spacious, stunning 4 bed, 4 bath house to be proud of sitting on 7,000m2 of mostly flat land with amazing views. 10 mins drive to Taberno village and 20 mins to Huerca. 50 mins drive to the coast at San Juan or Mojacar.

This is a property that has to be seen to be believed and is for someone who wants to be "remote".....More details will follow soon but here is the main information.

Please note access to this property is via a safe, un-made country lane for approx 3 minutes drive. However, this stunning property is worth the drive. A 4x4 is not required.

Most of the furniture in the photos is included in the sales price.

The main front entrance is into a traditionally renovated, rustic style kitchen with dining area. Here you have access to the double garage, storage room and private internal courtyard. The kitchen also leads through to a staircase leading upstairs and to the large dining room.

The other front entrance leads into a large living room split into two lounge areas with fireplace. This leads through to the spacious dining room (then back in to the kitchen) and has access to a lobby / dressing / double bedroom room and a 2nd ensuite double bedroom
